The camera can record 1080p full HD video at 60, 30 and 24fps and bit rates as high as 28Mbps in the AVCHD format (can also record in SD MPEG-2 format). Uncompressed 4:2:2 footage with embedded SMPTE timecode can be output via HDMI. Over & Under Cranking function allows you to select a frame rate that's different than the one used for playback. 3.5-inch, 921,600-dot XtraFine LCD can be rotated for easy viewing from either side of the camera. Include viewfinder tube with a 1.2x magnifier convert the LCD into a viewfinder, making it much easier to see your subject when shooting in bright sunlight.

Single and Dual Bar Jib Arm

They offer an 8' reach when matched with a 5' tripod and can sweep the ground for low angle applications. From the ground level the camera can be tilted up over 90°, allowing users to obtain a great perspective shot. Sweeping vistas of landscapes, panoramas and sporting events are possible.
